

Best Dressed Sale Committee Report  
The Women's Board of The Johns Hopkins Hospital  
May 18, 2020

With the current pandemic it has become clear that it is not possible to hold our Spring Best Dressed Sale (BDS) at The Shops at Kenilworth this year.

Greenberg Gibbons (GG), however, has extended our occupancy at Kenilworth through the summer which gives us the opportunity to take advantage of the great location and raise some money for the Women's Board. We are asking GG and Hopkins if we can use the space as a "retail" store rather than a venue for our BDS event. Once the mall re-opens, we could sell Carry On Shop (COS) merchandise and select BDS clothing and accessories, staffing the store with COS employees and possibly WB volunteers. The store could also serve as a donation drop-off. Of course, all guidelines set forth by Governor Hogan, GG, and Hopkins would be enforced to ensure safer retail social distancing and safety practices for our workers and customers.

Numerous variables are at play here and every decision made will be thoroughly considered and weighed as our top priority is the health and safety of our customers, employees, and WB members.

Respectfully submitted,

Mary Gill
