Email: kstill2@jhmi.edu

TITLE OF REQUEST: Touch2Play Max Pediatric waiting room interactive system

PHYSICAL LOCATION OF PROJECT: JHOC 3<sup>rd</sup> floor/ Viragh 4<sup>th</sup> floor

**ABSTRACT (Non-technical overview - 150 words or less):**

The Touch2Play max is a tablet system loaded with 70 great fun and educational games. It works off of a standard electrical outlet, easy to clean and sanitize (wipable with hospital approved sani wipes), and a tough durable structure. The system is wall mountable or table top mountable. There is also multiple color options to match any décor. A wonderful addition to help serve the pediatric populations in Radiology MRI.

**SIGNATURE OF CLINICAL DEPARTMENT CHAIRPERSON:**

---

(Please type) Chairperson Name: Click or tap here to enter text.

Chairperson Title: Click or tap here to enter text.

Chairperson Email: Click or tap here to enter text.

**NOTE:** Questions 1-6 must be answered. Please be thorough and concise.

**1. Impact on patient care:**

This request will provide an engaged, safe, and comfortable environment for our pediatric patients to experience. Our Pediatric patients are also scheduled with the Hospital child life specialist, General anesthesia, and oral sedation to successfully complete MRI's. A safe distraction that is also fun, and educational will provide a warm environment that can take stress and pressure off of a procedural workflow, IV Placements, anxiety, and provide a calm experience for the patient.

**2. Number and type of patient who will benefit annually from this award:**

FY22 volume for outpatients utilizing child life assistance was 290 patients. FY22 volume for Pediatric General anesthesia patients was 1165. In addition to Child life and Pediatric Anesthesia patients, we routinely image children without Child Life and Anesthesia that could utilize and benefit from these tablets. This will service our Pediatric Patient Population in 3 locations to include JHOC 3<sup>rd</sup> floor, Viragh 4<sup>th</sup> floor and Zayed 4<sup>th</sup> floor

**3. Significance:**

Stress and anxiety reliever while prepping for MRI procedure. Prep includes changing into gowns for safety, IV placement, drinking oral contrast, wait times, ect.

**4. Implications, if any, that this has to the Covid pandemic:**

none

**5. Personnel (Please note that we cannot fund grants that incorporate any salaries.)**

No extra personnel needed

**6. Budget: Total Request: \$26,079.00**

**A. Equipment - price per item and discount if applicable for multiples. Please add compelling justification if multiples are requested. (Itemize and justify):**

- Purchasing QTY 6 the company provides a one-time \$1,320.00 discount
- Each unit at 4,495.00
- Shipping 429.00

**B. Supplies (Itemize and justify):**

All Mounting supplies included and can be completed by our in house facilities department

**C. What is the out-of-pocket cost to the patient? (Itemize and justify):**

No cost to the Patient

**D. Other Expenses, Hidden Costs (Please consider whether your grant proposal contains other costs that would require hospital funding, such as structural modifications for equipment installation, operating costs such as additional FTEs, training costs, etc.)\***

Hospital Facilities request for wall mounting, table top mounting, or standard electrical outlet placing if not already-existent, through the Radiology/MRI department

**7. Have you requested funds from any other source?**

☐ **Yes (What was the result?)**

Click or tap here to enter text.

☒ **No (Explain why)**

This request is our first opportunity to help fund this project for our pediatric patients

\* If you have any concerns about additional costs of your grant to the hospital please feel free to contact the CFO Katina Williams @ kwill249@jhmi.edu. She is aware of our grant process. All grants selected for funding will eventually be submitted for final hospital approval by the Women's Board. It is not required for the departments to request approval from the hospital prior to submission on January 6, 2023.
